

JUST FOLKS

(Copyright, 1937, Edgar A. Guest)

GROWTH.

Eyes big as pansies; as beautiful,
too
Eagerly watching whatever we do;
Smart as the smartest, and smart-
er I think,
Picking up knowledge as quick as
a wink.
Won't be two years until late in
the fall
Yet Ellen Elizabeth's onto us all.

Knows that her grandpup's a
foolish old thing;
Knows who the fellow who candy
may bring;
Knows that her grandma no plea
can resist,
Is on that a baby's wee finger
can twist.
Arms out to greet us whenever we
call
Ellen Elizabeth's onto us all.

Those men at the White House are brewing bitter medicine for somebody.

This war is going to be a lot tougher than some people think. Roger Babson says it can't be won by sleeping Sunday mornings.

SNIPER NORTON IS STAR IN DROPPING BOMBS AT TARGETS

PURDON AND SMU STAR'S MANSHIP LIKE HIS BASKETBALL PROWESS

ALBUQUERQUE, N. M., Jan. 5. (Special)—Three years ago the colorful Southern Methodist University basketball team played the Long Island College basketball team at Madison Square Garden, New York City. The latter team, from the broad plains of the Long Star State displayed a swirling offensive that demoralized their opponents and gained the admiration of fans and sports writers. J. D. "Sniper" Norton, center, was the spearhead of the Mustang offensive and his phenomenal shooting gained him the moniker of "Sniper." Today at the Air Corps Advanced Flying School, Albuquerque Air Base, a lanky bombardier cadet, with a silky Texas drawl, is displaying an uncanny ability in sending bombs hurtling down from the high heavens to score perfect hits on ground targets. "Sniper" Norton, a sharpshooter, is none other than Cadet J. D. "Sniper" Norton of Mustang fame, just as effective in the bomb bay of a U. S. army bomber as he was on the basketball court.

All-American Cager
Cadet Norton began playing basketball as a member of the Purdon, Texas high school team in 1933. He graduated from the Mustang center and entered Southern Methodist University the following year, where he was the sensation of the freshman basketball squad. He played three years as first string varsity center and held all-south honors each year. He was rated as all-American material by sports writers and critics throughout the country in 1939.

Cadet Norton received his cadet assignment Dec. 10, 1940, and immediately began training at the Cal-Aero Academy, Ontario, Cal. He was later transferred to Lowry Field, Denver, Colo., and was subsequently assigned to the Advanced Air Corps Flying School, Albuquerque Air Base, arriving Dec. 5, 1941.

Still Basketball Star
He is first string center of the Cadet basketball team, the Mustangs, and his play with the Cadets has been equally as smooth brilliant as when he was running wild with the SMU Mustangs.

Cadet Norton is the son of Mr. and Mrs. W. L. Norton of Corsicana, Texas. Basketball is his favorite sport but aviation is his chosen profession.

BANK ROBBED

(Continued From Page One)
believed to have been from 25 to 30 years old. Time mechanism of the bank vault released the lock about the same time. The men, at gunpoint, forced Burneaux to open the vault and deliver to them the bundled vault currency and the drawer currency.

All bills were of \$1 to \$20 denomination. The men had forced entrance through a back window, by cutting a screen, prying open latches. None knows how long they had been in the bank.

Tire tracks indicated a car had been parked near the back of the bank and that the machine had been driven fast to the highway and turned toward Clovis, N. M.

Sheriff Sam Hutson of Littlefield, the county seat, his deputy Sid Hopping of Littlefield and Deputy C. T. Lindsey of Sudan were quick to reach the scene after Burneaux had left himself out of the vault after five minutes imprisonment.

Officers from the Rangers, State police, sheriff's department and city police of Lubbock were here about an hour later, as were officers from other departments of the state.

Radio reports and telephone calls blocked roads in all directions. The robbery was the second for this institution Aug. 27, 1935, a bandit held the bank up and took \$4,000. He was captured and sentenced to 10 years in the Texas prison.

Robs Western Union
BROWNWOOD, Jan. 5.—(P)—A hold-up man dressed in an army uniform took \$257 from the Brownwood Western Union office at midnight last night. One man was on duty when the robber entered and drew an automatic gun.

FROST GOES OVER TOP ON RED CROSS EMERGENCY DRIVE

OVERSUBSCRIBED ITS QUOTA OF \$500 BY NEARLY TWO HUNDRED DOLLARS

Frost followed the lead of several other Navarro County communities in the Red Cross War Relief Fund, sending in a check for \$688.88, oversubscribing its \$500 assigned quota.

Leaders in the Frost drive state the population is 671 and the funds secured point to more than \$1 per capita. Curtis Patterson, worker in the campaign, said the Frost High School was responsible for approximately 75% of the total amount secured.

Red Cross officials believe this report will be a definite challenge to Corsicana and other communities in the county who have not completed their drives.

Miss Nadine Hobbs
Of Rice Weds Albany
Man at Bride's Home

Of interest to a wide circle of relatives and friends in Rice and surrounding communities was the marriage of Miss Nadine Hobbs, daughter of Mr. and Mrs. L. B. Hobbs of Rice, to H. O. Baldwin of Albany, Texas. The wedding took place at the home of the bride on Dec. 20.

The double ring ceremony was read in the beautifully decorated living room by the Rev. D. R. McCauley, pastor of the Hayne Memorial Methodist Church in Rice. Members of the two families attended.

Miss Billie Howington of Waco and Richard Hobbs, brother of the bride, attended the couple. The bride wore a two-tone green costume accented by brown accessories and a lovely shoulder corsage of white carnations. Miss Howington wore a navy blue frock with black accessories and a corsage of pink carnations.

Mrs. Baldwin is a graduate of Weatherford Junior College and of North Texas State Teachers College in Denton. She has taught in Navarro County public schools. Mr. Baldwin is the son of Mr. and Mrs. H. A. Baldwin of Albany where he is in business.

Mr. and Mrs. Baldwin are making their home in Albany and Mrs. Baldwin will resume her teaching duties. The bride was honored with a gift shower in Albany before her marriage.

INTERNATIONAL

(Continued From Page One)
Arthur's men had repulsed on Sunday a Japanese attack northwest of Manila, with at least 700 Japanese killed.

"This," said the communiqué, "was one of the most serious reverses suffered by the Japanese invaders since the war began."

At the same time the garrison at Corregidor, the last island in the Philippines, was hit by Japanese bombers yesterday, bringing to fifteen the number of enemy planes losses in four successive air assaults on that Gibraltar of Manila.

Two planes, lost three hours. The Japanese in sea-sawing down the Malayan coast against the full crum of Singapore's outstretched defenses, raised today a fresh threat to the British left flank in the most vital sector of the Pacific war with new landings at the mouths of the Perak and Bernam Rivers.

The British acknowledged this as the Japanese simultaneously claimed a broadening of their invasion of Borneo with occupation of Brunel, between Sarawak and British North Borneo, already pierced by widely spaced landings. The Japanese shot down four British strategic island of Labuan, off British North Borneo, had been in their hands since Jan. 1.

Whether the Japanese meant to threaten the British left flank of Brunel had been overrun was not clear, but control of the city would amount to control of the surrounding area.

In these various campaigns, along with the continuing drive to wipe out American-Philippine forces in the Philippines, the Japanese undoubtedly were spurred by evidences of an impending united nations offensive somewhere on the Asiatic mainland.

Checking Drive Major Objective.
Whether the British Empire troops, fighting over the Malayan hills, through the tangle of mangrove swamps and along the muddy banks of the Perak, could reach the enemy's swarming rushes toward the Singapore base in time for a successful, relieving diversion was the major question before the new supreme command of the ABCD powers in the Southwest Pacific.

Washington heard the invaders were increasing their pressure upon Gen. Douglas MacArthur's American forces in the Philippines and northwest of Manila.

The Berlin radio reported from Tokyo that a large fleet of Japanese transports was moving southward, presumably for operations against the Bataan Peninsula, the big land arm enclosing Manila Bay and the logical spot for the American Philippine last stand.

Tokyo reported intensive air bombing of troops withdrawing from the Manila area northward toward the Bataan Peninsula, which is largely jungle country.

The Japanese also have been pounding away from the air at the island fortress of Corregidor, which would anchor the southern flank of any determined stand on the Bataan Peninsula.

Communications issued by the war department here indicated that Japanese bombers were finding Corregidor a tough nut to crack. The initial attack, batteries of the fortress were credited with knocking down four enemy bombers out of a flight of twenty-one yesterday and damaging others in an exhibition of shooting which drove the attackers off. Only minor damage and a few casualties in the fort were reported.

Tokyo dispatches—which already on several occasions have "destroyed to pieces" the U. S. Pacific fleet—told a somewhat different story. They said no Japanese planes were lost and claimed that the effectiveness of the bombing in the third mass raid on the island was weakening of American defenses.

The U. S. navy took occasion yesterday to challenge Tokyo's veracity anew. There was absolutely no foundation, the navy said, to Japanese assertions that seventeen American destroyers, twenty-two submarines and one aircraft carrier were trapped at Cavite, the U. S. naval base near Manila which was evacuated. All ships and personnel were removed safely to the Bataan Peninsula where they were being cared for.

The belief here was that the navy had shifted from Cavite to Olongapo, a secondary naval base on the Bataan Peninsula where MacArthur's hard pressed troops apparently are now concentrating.

Resigned to a further worsening of the situation in the Philippines, the capital looked to the newly appointed unified command for the Southwest Pacific to upset the Japanese string of successes.

In the triumvirate with Wavell are two Americans, Major General George H. Brett, chief of the U. S. air corps, who will be deputy supreme commander for the region, and Admiral Thomas C. Hart, commander-in-chief of the U. S. Asiatic fleet, who will direct all naval forces in the area.

President Roosevelt held further conferences yesterday with Prime Minister Churchill, and the top men of the British and American armies and navies.

War production, too, came in for heavy week-end emphasis. The war and navy departments announced that they were ready to place more than \$5,000,000,000 in orders to help accelerate the complete conversion of the automobile industry to arms contracts of more than \$4,000,000,000 which the industry already holds.

and intensive allied air activity was noted, with the Japanese coming off decidedly second-best, according to Rangoon communiqué.

NURSES AID SCHOOL GIVEN APPROVAL BY P-S HOSPITAL BOARD

PROPOSED DEFENSE PROGRAM FEATURE WOULD GIVE PRACTICAL TRAINING

Approval of a proposed nurses aid school in the defense program at the P. and S. Hospital was given Sunday at the January meeting of the Navarro county hospital board. It was brought out in the discussion that the school would be for volunteer women to be instructed in practical nursing by competent graduate nurses at the nurse's home and with actual experience and demonstration of first aid and care of sick in the hospital wards under staff nurses.

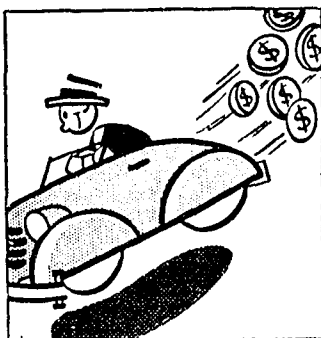

The organization of first aid units of physicians and nurses for emergency use in designated areas in the defense program was also reported under way.

A survey of local hospitals has been made by Dr. Wm. Shell, Jr., in charge of that work in the county defense organization. It was stated, showing how many beds were available, etc., if needed in an emergency.

The monthly report showed collections of \$1,565.35 with expenses at \$1,981.66. There were 70 patients admitted in December, including 18 charity. There were 10 emergency cases treated but not admitted.

Hospital charity was listed at \$844.67 while the services donated by physicians was \$922.

HOW TO LIVE For Less

1. The Family Car.

AP Feature Service.
Most important in driving for thrift, safety and conservation is avoiding high speeds. Tires last for 10,000 miles. Gasoline gives five or more additional miles per gallon, oil lasts longer at speeds below 50 than in the 50-70 mile range. Keep the car in repairs and in care for weather protection. Have front wheels properly aligned and keep tire pressure at correct level. Don't race the motor through gears but shift into high quickly to save gas. Start and stop slowly. Third grade cheaper gasolines are efficient in models older than 1935 with proper spark adjustment.

YOUR FEDERAL INCOME TAX

No. 1
FACTS IN A NUTSHELL.
WHO MUST FILE A RETURN?
Every single person having a gross income of \$750 or more; every married person, not living with husband or wife, and having a gross income of \$750 or more; and married persons living with husband or wife, who have an aggregate gross income of \$1,500 or more.

WHEN MUST RETURNS BE FILED?
For the calendar year 1941, on or before March 16, 1942. For the fiscal year, on or before the 15th day of the third month following the close of the fiscal year.

WHERE AND WITH WHOM MUST INCOME TAX RETURNS BE FILED?
In the internal-revenue district in which the person lives or has his chief place of business, and with the collector of internal revenue.

HOW DOES ONE MAKE OUT HIS INCOME TAX RETURN?
By following the detailed instructions given on the income tax blanks, Form 1040 and Form 1040A (optional simplified form).

WHAT IS THE TAX RATE?
A normal tax of 4 percent on the amount of the net income in excess of the allowable credits against net income (personal exemption, credits for dependents, interest on obligations of the United States and its instrumentalities, and earned income credit) in the computation of the normal tax, and a graduated surtax on the amount of net income in excess of the allowable credits (personal exemption and credits for dependents) against net income in the computation of the surtax net income.

STARTING YOUNG DAIRY CALVES RIGHT WAY IS IMPORTANT

ABOUT ONE-FIFTH OF AVERAGE TEXAS DAIRY HEARD REPLACED EACH YEAR

COLLEGE STATION, Jan. 5.—(Sp.)—About one-fifth of the average Texas dairy herd must be replaced yearly. On that account, says G. G. Gibson, assistant dairyman of the A. and M. College extension service, it is important that as many as possible of the calves born into a herd should be raised.

Sound initial step is to give the calf a good start through proper feeding, sanitation, and clean, dry shelter. A large part of the calf losses occur before they reach six months of age.

The diet of the new-born calf for the first four days should be its mother's milk. Gibson says. Some dairymen prefer using a bucket for feeding from the beginning. This has the advantage of training a calf to drink from a bucket when it is easiest to teach. Fresh, sweet milk of a constant temperature of 98 degrees F. should be fed at regular intervals. This is the temperature at which it comes from the cow.

In order to avoid the commonest cause of indigestion in young calves, Gibson counsels against overfeeding with milk or colostrum. It is equally emphatic in urging use of clean, sterile pails for milk feeding young calves, but slugs, on account of the acid content, has been found not to be good roughage. Calves will begin to eat a small amount

of grain at two to three weeks of age. Calves should be separated after feeding milk by the use of individual stalls or stanchions. Grain should be fed immediately after milk has been fed.

Among other suggestions in the feeding program, Gibson recommends a vitamin A supplement when whole milk is not available. One tablespoonful daily of a good stock grade of cod liver oil stirred in the milk being fed will supply it. Start feeding a high quality non-legume hay at two weeks of age. Young calves usually do better on a low protein hay. Provide a clean dry shelter of sufficient size to avoid overcrowding, and a paddock with ample shade and fresh water. Young calves get more benefit from exercise, sunshine and vitamin A from the little grass they eat than from the food value of the grass. Lastly, Gibson cautions dairymen to keep all calves in strict isolation.

To Resume First Aid Classes.

KERENS, Jan. 5.—(Sp.)—Classes in the free first aid course which has been in progress in Kerens for some weeks, and which has as capable instructor, Mrs. Andrew Steele of Corsicana, will be resumed at 2 p. m. Tuesday, Jan. 6th, in the basement of the First Baptist Church. All women and girls of the community, who are not enlisted are urged to join the class.

Quarterly Conference.
KERENS, Jan. 5.—(Sp.)—Monday night, January 5th, will mark the date for the first quarterly conference of the year at the First Methodist Church in Kerens. Members and friends are expected to be present in order that a worthwhile report may be turned in.

TEXAS FARMERS NOW HAVE CHANCE TO GET FARMS TERRACED

COLLEGE STATION, Jan. 5.—(Sp.)—Have you been wanting to get your farm terraced but just haven't had the time, money or equipment to do it?

Now is your chance to get the job done by co-operating with the AAA's conservation materials program, according to Wilmer T. Swink, state AAA committee chairman from Olney, but you'd better let your county committee know it now so they won't pass up the program.

Here's how the terracing program works. The county AAA committee receives offers for terracing work on the easier farms in the county. On the basis of these offers, the committee sets up a fair price for terracing. That same price won't prevail, of course, for every terracing job, but it gives a yardstick for prices to be paid for more difficult or easier jobs.

Then, once the machinery of the program is set up, all a farmer has to do to get his land terraced is obtain from the AAA office a list of contractors who are operating. The farmer bids on the job from the contractors, takes the bid he likes best, and gets his terracing done. The AAA pays the contractor and deducts the charges from the farmers' AAA conservation payment.

During the month of January representatives of the AAA state office are visiting every county in the state where terraces are needed. They are discussing the

terracing program with county all counties where the producers committee men and are helping those who want to use the program to get it set up properly. The point is, Swink points out, that the program will be used in about it now.

Kerens Girl Weds

Houston Man In
Groesbeck Ed. 24

KERENS, Jan. 5.—(Sp.)—A Christmas wedding of interest to the many friends of the Kerens and Jackson families was that of Miss Louise Dobbs, daughter of Mr. and Mrs. Guy Dobbs of Kerens, to S. B. Turner, son of Bob Turner of Houston, who was held at place Dec. 24 in Groesbeck. The ceremony, which was performed by the Rev. D. Young pastor of the Groesbeck Baptist church, was held at the Groesbeck home, and was attended by only a few members of the families, including Currie Dobbs, double first cousin of the bride, and her aunt, Mrs. B. E. Jackson.

The bride was becomingly attired in a blue and white, and her accessories were black. Mrs. Turner was graduated from the Kerens high school in 1935, was a popular tap dancer of the city, and had for the past year or more held a position with a defense project in Corsicana. After their trip to parts unknown, the couple will be at home in Groesbeck.

SEVERAL INJURED AUTO ACCIDENTS DURING WEEK-END

While a sharp increase in automobile accidents generally accompanied freezing weather and icy thoroughfares, serious mishaps over the week-end in Navarro county have been held to a minimum.

Only three automobile accidents of a possible serious nature have been recorded since freezing temperatures have substantially increased driving hazards.

Lloyd Melton of Corsicana suffered a fractured left arm in an automobile mishap Sunday night. He was taken to the P. and S. Hospital where he was reported resting well Monday.

Mrs. C. F. Wiggins of Emporia, Kansas, received minor lacerations about the forehead as result of an automobile collision near Chambers Creek on North Highway 75 about 10 o'clock Sunday morning.

She was treated at the P. and S. Hospital and later dismissed.

Solomon Luna of Corsicana was struck by an automobile in the business section Saturday night but escaped with a minor head bruise. Two wheels of the vehicle were said to have passed over his body without inflicting any injuries. He was dismissed from the P. and S. Hospital after receiving emergency treatment.

AUTOMOBILES

(Continued From Page One)
gram. Membership of the committee will be drawn from the existing automotive industry advisory committee and the automotive labor advisory committee. Hillman said.

Huge New Orders.
War and navy department officials offered to the automobile men today more than five billion dollars worth of orders already held by the industry. This was the primary purpose of the unprecedented industry convocation which crowded the OPM headquarters here.

Knudsen disclosed that similar meetings with officials of other large quantities of military orders—would be called for other industries in the near future.

Industries to be summoned, he said, included rubber and rubber products, steel, including heat-treating, textiles (including shoes), transportation and farm equipment, printing and publishing, health supplies, industrial and office machinery, pulp and paper, and the containers industry.

Price Administrator Leon Henderson gave the meeting today an outline of a proposed automobile rationing plan which is expected to be made public about Jan. 15.

No details were made public on the rationing program, but it was understood that it would follow closely the lines of the tire distribution program in which sales are permitted only for vehicles necessary to public health and safety, for essential commercial and industrial use, and for public passenger use.

Apples to All 1942 Models.
DALLAS, Jan. 5.—(AP)—J. B. Joyce, Dallas priorities manager, today reiterated that the rationing of new cars and trucks sales applied to all 1942 models regardless of mileage and all other models driven less than 1,000 miles whether held by dealers or individuals.

His statement was made after dealers had been swamped with inquiries from persons in the process of dickering to buy or sell used automobiles.

Until Jan. 15 when a sales plan was put into operation, no person with such models may sell, lease, trade, deliver, ship or transfer them. No person except a regular dealer may accept them.

RATIONING
(Continued From Page One)
On the whole, however, OPA chiefs were pleased at the speed with which the complex rationing scheme was set up and at the cooperation given by the public and state and local officials.

Tires and tubes will be issued only on vehicles which must be kept running to maintain public health and safety, for buses with a capacity of ten or more passengers, and for necessary truck operations. The total quotas come to 114,191 tires, and 95,880 tubes for passenger cars, motorcycles and light trucks; and 242,783 tires and 202,966 tubes for buses and heavier trucks.

County quotas were based principally upon the registrations of eligible vehicles and up geographic distances reflecting climatic conditions in various parts of the country in January. In some counties only one tire will be sold this month.

Returns to Kelly Field.
KERENS, Jan. 5.—(Sp.)—Victor and Pat Crowley, sons of Mr. and Mrs. N. Crowley of Kerens, have returned to their posts at Kelly Field, after having spent the Christmas holidays with their parents.

COLDEST WEATHER OF PRESENT WINTER WAS SUNDAY NIGHT

The norther which struck here last Thursday apparently reached its peak Sunday night when the temperature dropped to 13 degrees, the lowest here since Wednesday night, January 17, 1940 when a reading of 6 was recorded.

Sleet which fell Friday night and topped with a light snow Saturday morning, was still on the ground Monday morning, an exceptional length of time for a small amount of sleet and snow to remain unmelting.

The temperature climbed slowly Monday under a bright sun and at noon the thermometer at the Daily Sun office registered 22 degrees. It stood at 14 at 8 o'clock.

The mercury started dropping rapidly Sunday afternoon and shortly after sundown a fine, driving sleet and mist started falling that soon covered windshields and made automobile driving hazardous.

Few serious accidents had been reported at noon Monday due to the bad weather. Extra precautions were taken by the State highway and police departments to prevent accidents on the highways. Flares were placed, and in some instances watchmen stationed along the highways to warn motorists of the danger.

Not much relief is promised this section in the official weather report, predicts occasional snow flurries, and continued freezing.

FREEMAN FERRELL, FORMER CORSICANAN, BURIED HILLSBORO

Funeral services for Freeman Ferrell, 23, former Corsicanan, who was the victim of a car crash near Robstown, Saturday night at 10 o'clock, were held Monday afternoon at Hillsboro.

Ferrell, Bill Teague, 28, both of Robstown, and A. L. Hockett, 42, of Bloeh, were in a car that crashed into the side of a concrete bridge near Robstown, according to an Associated Press dispatch from Corpus Christi. Relatives here said that the trio were en route to Robstown at the time of the accident from a defense job in that section. Ferrell formerly was in the U. S. Marine Corps and had taken an examination for a defense job and his death occurred after he had taken the position Saturday morning.

The family left Corsicana three years ago.

Mr. and Mrs. Ferrell are his parents. Mr. and Mrs. Freeman Ferrell, Robstown, and a son, David Dale Ferrell, aged 4 years, who resides with his mother, Mrs. Stephen Palmer and grandparents, Mr. and Mrs. Willie Younger, Corsicana.

EMERGENCY FUNDS
NECESSARY FOR RED CROSS TO GIVE AID

The first article of the American Red Cross constitution requires it to furnish volunteer aid to the sick and wounded of armies in time of war. Wallie Levy, general chairman of the Navarro county chapter of the Red Cross, said Monday:

"It is impossible for the organization to give the needed help in times of emergency without adequate funds. We must have in addition to regular obligations performed by the Red Cross."

The chairman urged Corsicana citizens to contribute to the fund set by communities in the county and over the state in helping the Red Cross in its great mission of mercy by giving freely to the fund.

Should be made to Mr. Levy, Lloyd Carraway, Daily Sun, First National Bank or Citizens National Bank.

JOHN R. SPRUILL BURIED ZION'S REST CEMETERY SUNDAY

John Robert Spruill, aged 76 years, died at the home of his daughter, Mrs. Joe Farmer, Saturday night. Funeral services were held Sunday afternoon at 2:30 o'clock from the Corley Chapel.

The rites were conducted by Rev. Gordon MacInnes, pastor of the Third Avenue Presbyterian church.

A native of Mississippi, Mr. Spruill had resided in Navarro county 50 years and in Corsicana and immediate vicinity for the past 30 years.

Surviving are four daughters, Mrs. L. M. Garrison, Blooming Grove; Mrs. Blake Pouch, Rice; Mrs. Bill Crews and Mrs. Farmer, both of Corsicana; a son, Robert Spruill, Corsicana; a brother, Buford Spruill, Cumberland, Miss., and other relatives.

All burials were C. H. Dickson, E. E. Pike, Oral Pitts, Raymond C. Pirk, Fred D. Buse, W. T. Fluker, Lonnie Watson and Nathan Crouch.

CONGRESS
(Continued From Page One)
goal of stepping up war spending to a \$500,000,000-a-year rate by June 30, 1943.

Spent Week End on Message.
The chief executive spent a good part of his week end drafting the address, which may disclose some further details on the campaign the grand alliance of nations has planned to crush the Axis.

Speaking of the anticipated request for military funds, informed legislators said that last-minute conferences might boost the total even beyond \$1,000,000,000. They pointed out that additional appropriations would be requested later as production of equipment was speeded up.

Mr. Roosevelt's plan of pouring half of the budget into war expenditures would entail monthly outlays reaching \$4,000,000,000 by June 30, 1943.

Most legislators believed that the war would be won by a combination of military and economic measures, rather than by a single, all-out offensive against the Axis.

There was considerable speculation as to what the non-war portion of the budget would show. Some legislators expressed hope that it would provide for a \$1,000,000,000 cut in the amount of money appropriated last year for operations.

Government departments and non-defense agencies.

FOOD
(Continued From Page One)
They point out that present governmental power to place floors under grower prices make it possible for farmers to produce abundantly without suffering price drops.

The biggest production problem facing the department is that of obtaining needed supplies of such crops as wheat, corn, soybeans and oil-bearing crops upon which this country has depended have been cut off by the war in the Pacific. These losses must be made up by increased production in this country, if shortages and rationing is to be avoided.

Where American farms produced 1,908,000 acres of peanuts this year for all purposes, they are being asked in 1942 to produce 3,500,000 acres, of which 1,900,000 acres would be used for production of oil.

The soybean acreage has been increased from 5,550,000 to 7,000,000 acres.

Initial 1942 production goals called for no increase in corn, tobacco and cotton.

Graduated From Chanute Field.
CHANUTE FIELD, Ill., Jan. 3.—(Special)—Pvt. Daniel G. Galaway, son of Mrs. J. M. Galaway, 724 S. 15th St., Corsicana, Texas, was graduated recently from the Chanute Field branch of the U. S. Army Air Corps Technical schools.

RELIABLE FOREIGN REPORTS INDICATE GERMAN TROUBLES

LONDON HEARS OF WIDEN- ING SPLIT BETWEEN HITLER AND HIS GENERALS

LONDON, Jan. 5.—(AP)—A reliable foreign source tonight reported a widening split between Adolf Hitler and his generals over the back-tiring offensive against Russia.

This source said that Field Marshal Gen. Walther von Brauchitsch was the third high Nazi army leader either to resign or be fired by Adolf Hitler.

The others were Field Marshal Gen. Fedor von Bock, commander of the central front in Russia, and Col. Gen. Johannes Blaskowitz, who asked for his discharge even before the campaign began.

General Blaskowitz was said to be living in Paris as a private citizen. One of the main leaders in the Polish campaign, he arranged the capitulation terms for Warsaw. When Hitler decided to invade Russia, the general said "he was not part of it, this informant said."

Information from an "irrefutable agent abroad," also said that Gen. Oscar von Neidermayer, chief of the eastern department under Von Brauchitsch and a staunch admirer of his superior, also had been dismissed.

There also were unconfirmed reports that Field Marshal Wilhelm Ritter von Leeb, commander of the Leningrad front; Field Marshal G. Karl Rudolf von Rundstedt, commander of the southern front, and Gen. Heinz Guderian, commander of the panzer divisions on the central front, had asked to be relieved because of disagreements with Hitler and his military "top."

Marshall Gen. Walter von Reichenau and Gen. Alfred Jodl, chief of staff, also were reported to have been dismissed.

The dispute between Von Brauchitsch and Hitler is very old, they said. Hitler was reported to have insisted on a continuing assault on Moscow when the field marshal recommended a Nazi withdrawal to a winter line running from Narva on the Estonian-Russian border to Smolensk, Bryansk and Kharkov.

Much Warm Clothing.

BERLIN, Jan. 5.—(Official Broadcast recorded by AP)—Two weeks of collecting warm clothing for the German forces at the front brought in by Saturday a total of \$2,144,201 pieces, including a fur hunting muff from the wife of the late president and World War

Governor's Wife Dies

Above is a picture of Mrs. Coke Stevenson, as she appeared last in public at the inauguration of her husband. Ill for many months, Mrs. Stevenson died in the Texas governor's mansion early Saturday.

PERRINGAUX

(Continued From Page One) have been found in a mangled condition near the station of Flambou-Gouaix, about two-thirds of the way between Paris and Troyes. He had taken a train in Paris last night en route to Belfort, in Alsace.

Perringaux was a member of the Extreme Rightist party of the late President Poincaré, and was the interior minister first entered the Vichy government as secretary of industrial production, but only recently had been made chief secretary.

In his early forties and unusually vigorous, he was conspicuous among Frenchmen for his height of almost six feet three inches.

Berlin Retracts First Story.

BERLIN, Jan. 5.—(Official Broadcast recorded by AP)—The German radio broadcast today that Pierre Pucheu, French minister of the interior, and his cabinet chief, had been found dead—presumably the victims of assassins—but later retracted its story and said that only Perringaux was dead.

field marshal, Paul von Hindenburg. Relatives of the World War ace, Immelmann, donated his flying fur while furcoats also came from nurses in field hospitals on the eastern front. In all, 1,511,079 fur coats and fur-lined waistcoats were contributed.

FINAL TRIBUTE PAID MRS. STEVENSON AT JUNCTION SUNDAY

WIFE OF TEXAS GOVERNOR BURIED WITH SIMPLE BUT IMPRESSIVE SERVICES

JUNCTION, Jan. 5.—(AP)—Final tribute was paid Mrs. Fay Wright Stevenson, wife of Governor Coke R. Stevenson, in simple but impressive funeral services here yesterday.

Following a cortege from the governor's mansion in Austin, which would 160 miles through the hill country which she had known and loved all her life, high state officials and hundreds of close friends joined in last rites.

Familiar old hymns were sung and words of religious comfort spoken above the casket, which rested in a sea of beautiful flowers in the Methodist church, and afterward interment took place in the Junction cemetery.

Governor Stevenson, the Stevensons, Mrs. Beatrice Wright, Mrs. Stevenson's mother, and other close relatives bowed in sorrow at the bier.

Many persons, unable to find space in the church, stood outside in near freezing temperature while a misty rain fell.

Acting Lt. Gov. H. L. Winfield of Fort Stockton headed a delegation of state senators and Speaker Homer Leonard of McAllen one of state representatives.

Other officials present included Adjutant General J. Watt Page; Lockhart, life insurance commissioner; Marvin Hall, life insurance commissioner; Weaver Baker, new chairman of the board of control; Morris Roberts, member of the liquor control board, and the game commissioner.

Texas 45-year-old first lady died in the mansion Saturday following an illness of about two years from cancer.

There were no services in the capital, but state government offices closed and flags were half-staffed in her honor.

I. L. BAKER DIED SUDDENLY AT DRANE HOME ON MONDAY

I. L. Baker, aged 54 years, died suddenly at his home in the Drane community Monday morning with a heart attack.

Funeral services had not been completed early Monday afternoon.

Surviving are his wife of Drane, two sons, Ray Baker, Houston, and Lacy Baker, Drane; four daughters, Mrs. Ruby Hubbard, Houston; Mrs. Clara Haden and Mrs. C. C. Moody, both of Houston, and Miss June Baker, Drane; seven grandchildren; a brother, Joe Baker, Drane; three sisters, Mrs. Joe Farmer, Drane; Mrs. Olive Tadlock, Waco, and Mrs. May Eley, Snyder, and other relatives.

Funeral services will be held at home by direct arrangements.

NAVARRO COUNTY TIRE RATIONING BOARD SWORN IN

The Navarro county tire rationing board was sworn in Monday morning by Judge McCormick, county judge, and application blanks, report forms, certificates and instructions will be returned within the immediate future from the members of the board.

Judge McCormick said it would be several days before the local board would begin functioning.

The board is composed of W. C. Ralston, Wilbur A. Wright and T. J. Hickey, all of Corsicana, with Member Hickey representing the agricultural interests.

Judge McCormick and all the mayors of incorporated towns of the county with two exceptions, conferred Friday afternoon and decided that due to the small number of tires allotted Navarro county, one board was all that was necessary.

The board took their oath of office as federal agents, without compensation.

Judge McCormick said he had received many calls over the week end wanting priority, but said only one way was open, and that was to make application to the board and that rules and regulations made by the office of price administration must be observed.

Under the war conditions, citizens are not expected to ask for exceptions to fit their peculiar needs.

Major Chas. Davis Ordered Washington

Included in the official Army orders sent last Saturday in Washington was the following:

Major Charles J. Davis, FA, Camp Bowie, Texas to Washington, D. C.

Major Davis has been assigned to the 133rd Field Artillery since mobilization of the national guard more than a year ago.

TO THE VOTERS OF PRECINCT NUMBER 1.

I am herewith making my official announcement in today's paper for the office of Justice of Peace, Precinct 1 Place 2 and I elected I promise to at all times conduct the office in an economical, efficient, and courteous manner, adhering strictly to the enforcement of the law, allowing equal rights to all with special privileges to none.

Respectfully,
JOE B. DANIEL,
(Pol. Adv.)

EUROPEAN WAR

(Continued From Page One) and America's entrance into the war.

He said that Vichy then had turned from collaboration with the Nazis at the counsel of U. S. Ambassador Admiral William D. Leahy.

On the other hand, a member of the Vichy collaboration circle was found dead under circumstances suggesting assassination.

Good Time to Halt War.

The Finnish situation was pointed by a Helsinki editorial suggesting that this would be a good time to halt the war, at Germany's side, against Russia.

Officially the Finns never professed partnership in the European "crusade"—Hitler's term for the war with Russia. They insisted that they were fighting only for recovery of territory vital to protection of their national life.

Now, according to the British news agency Reuters, the situation Helsinki newspaper Suomen Sosialidemokratia says the time has come for a "crucial" move to break off military operations.

Sharing importance with the possibility of Finnish withdrawal from the war was the growing strain between the United States and the people of France. These tensions have become more and more apparent since the United States entered the war.

Some aspect of this complex of political strain appeared today to have resulted in the death of Yves Perringaux, chief secretary to the Vichy government.

An early erroneous report relayed by the Berlin radio had said that Pucheu himself had been found dead with his aide, seemingly the victims of assassination.

With the Russian offensive in full swing against the entire German front, the Finns may have concluded it would be better to strike a bargain with Russia before the full force of the Russian drive hits them.

Perhaps Russia has counted on just such an overture, for, while the Finns have been under counter-attack along with the other allies, there has been nothing to indicate that the offensive in their direction equals it in others.

Mannerheim's Statement.

The Helsinki newspaper harked back to Field Marshal Mannerheim's statement at the end of November that Finland's strategic goal had also been reached and said that several important towns had been occupied meanwhile.

"Since then our troops have not launched any offensive operations. Therefore it seems suitable opportunity to break off operations at this point."

Thus British and United States efforts to negotiate a Finnish-Russian settlement, once rebuffed by Helsinki, may be ready to bear fruit.

Finland has long been regarded as the most likely state to be cut out of the Hitler camp.

Red Army Drive Continues.

The Red army's power drive was reported officially today to have carried beyond Belgrade, 100 miles west of the German high water mark on the southern flank of the Moscow arc.

The Germans were said to have lost 2,500 men in the fighting for Belov, which is 50 miles south of Kaluga and half way to Bryansk on Tula.

The Belov drive paralleled a place movement farther west, which Borovsk had fallen, heightening the threat of entrapment for the Germans at Moshalsk, west of Moscow.

An official report of the recapture of Borovsk, 50 miles south of Moscow, appeared to put the Russians in position to drive for the encirclement or force speedy withdrawal of German advance forces in Moshalsk, 65 miles west of Moscow.

Russian dispatches also said the Germans already might have been driven beyond their intended winter lines at one point in the south, they said that Nazis, despite tank support, also failed to dislodge the Soviets from Feodosiya, where a Crimean peninsula drive is headed toward relief of besieged Sevastopol.

As the Russians published detailed claims to mountains of captured war booty and near thousands of German dead a Soviet aviation authority asserted Russia would soon hurl a new and mightier-than-ever air force at the Germans.

Closer Together.

British Foreign Minister Anthony Eden asserted in a worldwide broadcast that Britain and Russia were closer together than at any time since war broke out and would come still closer.

At the heart of the bombing of a German-occupied restaurant in Paris Germany said that city's cafes and public places were put under a 5 p. m. curfew by the German authorities.

From the German-occupied port of East came reports of a mysterious incident which caused suspension of the entire city council, including the mayor.

Stockholm sources heard that French-German relations were at their worst since the armistice.

There was an upsurge of aerial warfare in Western Europe while over the Egyptian-Libyan border region the RAF hammered at Axis holdout forces in the area of Halut.

The Italian high command communique told of "intense artillery and air action against our positions."

The Hitler command said that five RAF planes were struck down in battles over the Libyan front yesterday; that German bombers damaged six ships and a destroyer at the Crimean port of Feodosiya, and that submarines in Atlantic Arctic and Mediterranean waters had recently sunk four ships.

Following Sunday RAF attacks on German and German positions in occupied territory, observers at a southwest coast town in England said there was great air activity on both sides of the channel this morning.

PRICES PAID FOR FARM PRODUCTS IN TEXAS ARE HIGHER

AUSTIN, Jan. 3.—(AP)—Prices paid for Texas farm products on Dec. 15 averaged moderately higher than a month earlier, the U. S. Agricultural Marketing Service reported today.

The general level as well as most individual items was sharply above mid-September of 1940.

Grain sorghum, 53 cents per 100 lbs. compared with 45 cents on Nov. 15 was the only grain which declined for the month. Rice jumped from \$1.31 to \$1.41. Other grains recorded increases of 3 to 10 cents per bushel. For the year, barley and grain sorghum were slightly lower while all other grains were markedly higher.

ACCIDENTS

(Continued From Page One) 26, both of Robstown, and A. L. Hockett, about 42, of Bishop.

Mrs. T. T. Murphy, 68, of Texas, was killed and her daughter, Mrs. Margaret Hutchison, 45, was seriously injured when an automobile skidded on an icy bridge and plunged into the Sulphur river, 27 miles south of Texarkana.

The two women en route to Marshall to visit Mrs. John R. Beville, Mrs. Murphy's granddaughter.

Willie Smith, 50, a state highway patrolman, was found dead in his room at Dalhart. A coroner's verdict of accidental death by asphyxiation was returned.

Zack Timplin, 18, of near Centerville, was killed Sunday night when his car crashed into the rear of a logging train south of Silas.

Wilbur Joseph Lognon, 23, of Houston, was killed Sunday when he was hit by a logging train on a bridge on the Beaumont-Orange road.

Normal Grant Holloway, 17, of Seagraves, died when he was struck off his bicycle and into the windshield of a car in an accident six miles east of Dallas on the Kaufman highway.

Dr. W. R. Berk Of Blooming Grove Weds Dallas Girl Sunday

Of interest to Navarro County friends was the wedding of Miss Zella Koenigsberg and Dr. William R. Berk of Blooming Grove in Dallas Sunday afternoon.

Miss Koenigsberg is the daughter of Mr. and Mrs. M. Koenigsberg.

The wedding took place at the Melrose Hotel. Rabbi H. Raphael Gold performed the ceremony and Miss Margaret Wheat and Miss Eleanor Hendrix presented the music.

The bride, who was given in marriage by her father, wore an eggshell satin gown made on principle lines with the skirt forming a long train. Self-covered buttons trimmed the bodice and the long sleeves and her veil of illusion was finger-tip length. She carried a shower bouquet of white orchids and lilies.

Miss Selma Kirschner of Cleveland, Ohio, was maid of honor. She was gown in a pearl blue taffeta frock with a skirt of cascading ruffles. Her flowers were tallies roses and Roman hyacinths.

Dr. I. J. Berk, Fort Clark, was best man. A reception was held after the wedding ceremony.

The bride and bridegroom will live in Blooming Grove after their wedding trip. Mrs. Berk formerly attended the University of Texas and was graduated from SMU. She is a Delta Kappa. The bridegroom, who is the son of Mrs. Eva Berk, 2635 Park Row in Dallas, attended the University of Kansas.

Attending the wedding from Navarro County were Mr. and Mrs. H. Golden and family, Rabbi and Mrs. H. Shapiro, Mrs. M. Golden, Mrs. Sam Daiches, Mr. and Mrs. Louis Daniels, Mrs. Max Levine, all of Corsicana; Mr. and Mrs. M. Reid, Mr. and Mrs. J. P. Field, all of Dallas; H. S. Wharton, Mr. and Mrs. J. M. Reid and Porter Johnson, all of Blooming Grove.

R. B. Harris' 95th Birthdays Observed Quietly on Sunday

R. B. Harris celebrated his 95th birthday Sunday at the home of his daughter, Mrs. J. Mell Smith, with whom he makes his home.

Friends and relatives called during the afternoon and he received many messages from out-of-town friends. Mrs. Smith served coffee and fruit cake to those calling.

L. L. Fry and Woodson Harris of Denton were among out-of-town visitors for the day.

Sick and Convalescent.

Cal E. Kerr is reported seriously ill at his home.

Mrs. W. A. Osborn of Brandon is reported in a critical condition at the Navarro Clinic following an operation about two weeks ago. She is the mother of Alvis (Ossie) Osborn, a former resident of Corsicana, and his many friends will regret the bad news.

Mr. Louis Terrell underwent an emergency operation at the P. and S. Hospital Sunday night.

A. J. Slade is a medical patient at the P. and S. Hospital.

Miss Sallie Evans, seriously ill at the P. and S. Hospital, was reported unimproved Monday afternoon.

Tommy McClure, injured recently in an automobile accident, has been removed to his home from the Navarro Clinic.

Mrs. A. C. Adams, seriously injured in a car accident, was reported resting fairly well at the Navarro Clinic Monday afternoon.

Still Trading Trees

We can still use corn, oats and need lots of huplir sacks. Plant that orchard or berry patch now. You will find the best peach trees for this locality at our nursery, where the trees are grown.
